Dear Mr. Wade:

This is to acknowledge your telegram of July 13.

I sent officials of the North Carolina Highway Patrol into the Rosman area to offer assistance and to make certain law and order were maintained. They did this while still respecting the jurisdiction of local law enforcement personnel.

The officials of the camp made no appeal to me at any time Thursday night or Friday for help of any kind and I do not know what further action you think I should have taken.

Sincerely,

Terry Sanford
